and Expected to Die

With the civilized world anxiously seeking a specific for Lung Trouble, the number of recoveries brought about through the use of Eckman's Alterative, a medicine for Throat and Lung Troubles, is attracting universal attention. For fifteen years Eckman's Alterative has been used and the reports of recoveries in many supposed hopeless cases indicate that this medicine is doing a vast amount of good. Rend this:

33 B St. Keyser, W. Va.

"Gentlemen: I was taken sick in November, 1908, with a very bad cold and dizzy spells. The doctor then pronounced my case as Maiarta Fever. I grew steadily worse. Had two consultations held over me, and the verdict was that the fever had affected my lungs and that my case was hopeless; only gave me two months to live. My physician had tried most all kinds of treatment and none did me any good, so he asked my husband if he objected to him trying a proprietary medicine. So I began on your Alterative. I was in heaf from November 30, 1908, until February 25, 1909, and was thought dying several times. Today I am healthier and atronger than ever."

(Signed) MRS. H. K. BRILEY (Above abbreviated; Lore on request.) Eckman's Alterative has been proven by many years' test to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stubboru Colds and in upbuilding the system. Contains no narcotics, poisons or habit-forming drugs. Ask for bookiet telling of recoveries, and write to Eckman Laboratory. Philadelphia, Pa., for evidence.
